<b>1</b>	<b>Tumours of the breast</b>	<b>9</b>	<b>3</b>	<b>Tumours of the fallopian tube and uterine ligaments</b>	<b>203</b>
	Invasive breast carcinoma	13		Tumours of the fallopian tube	206
	Invasive ductal carcinoma, NOS	19		Tumours of the uterine ligaments	212
	Invasive lobular carcinoma	23	<b>4</b>	<b>Tumours of the uterine corpus</b>	<b>217</b>
	Tubular carcinoma	26		Epithelial tumours and related lesions	221
	Invasive cribriform carcinoma	27		Endometrial carcinoma	221
	Medullary carcinoma	28		Endometrial hyperplasia	228
	Mucin producing carcinomas	30		Endometrial polyp	230
	Neuroendocrine tumours	32		Mesenchymal tumours and related lesions	233
	Invasive papillary carcinoma	34		Endometrial stromal and related tumours	233
	Invasive micropapillary carcinoma	35		Smooth muscle tumours	236
	Apocrine carcinoma	36		Other mesenchymal tumours	242
	Metaplastic carcinomas	37		Mixed epithelial and mesenchymal tumours	245
	Lipid-rich carcinoma	41		Gestational trophoblastic disease	250
	Secretory carcinoma	42		Sex cord-like, neuroectodermal / neuroendocrine tumours,	
	Oncocytic carcinoma	43		lymphomas and leukaemias	255
	Adenoid cystic carcinoma	44		Secondary tumours of the uterine corpus	257
	Acinic cell carcinoma	45	<b>5</b>	<b>Tumours of the uterine cervix</b>	<b>259</b>
	Glycogen-rich clear cell carcinoma	46		Epithelial tumours	262
	Sebaceous carcinoma	46		Squamous tumours and precursors	266
	Inflammatory carcinoma	47		Glandular tumours and precursors	272
	Bilateral breast carcinoma	48		Uncommon carcinomas and neuroendocrine tumours	277
	Precursor lesions			Mesenchymal tumours	280
	Lobular neoplasia	60		Mixed epithelial and mesenchymal tumours	284
	Intraductal proliferative lesions	63		Melanotic, germ cell, lymphoid and	
	Microinvasive carcinoma	74		secondary tumours of the cervix	287
	Intraductal papillary neoplasms	76	<b>6</b>	<b>Tumours of the vagina</b>	<b>291</b>
	Benign epithelial lesions	81		Epithelial tumours	293
	Myoepithelial lesions	86		Squamous tumours	293
	Mesenchymal tumours	89		Glandular tumours	297
	Fibroepithelial tumours	99		Tumours of skin appendage origin	324
	Tumours of the nipple	104		Mesenchymal tumours	302
	Malignant lymphoma and metastatic tumours	107		Mixed epithelial and mesenchymal tumours	306
	Tumours of the male breast	110		Melanotic, neuroectodermal, lymphoid and	
				secondary tumours	308
<b>2</b>	<b>Tumours of the ovary and peritoneum</b>	<b>113</b>	<b>7</b>	<b>Tumours of the vulva</b>	<b>313</b>
	Surface epithelial-stromal tumours	117		Epithelial tumours	316
	Serous tumours	119		Squamous tumours	316
	Mucinous tumours	124		Glandular tumours	321
	Endometrioid tumours	130		Mesenchymal tumours	326
	Clear cell tumours	137		Melanocytic tumours	331
	Transitional cell tumours	140		Germ cell, neuroectodermal, lymphoid and	
	Squamous cell lesions	143		secondary tumours	333
	Mixed epithelial tumours	144	<b>8</b>	<b>Inherited tumour syndromes</b>	<b>335</b>
	Undifferentiated carcinomas	145		Familial aggregation of cancers of the breast and	
	Sex cord-stromal tumours	146		female genital organs	336
	Granulosa-stromal cell tumours	146		BRCA1 syndrome	338
	Sertoli-stromal cell tumours	153		BRCA2 syndrome	346
	Mixed sex cord-stromal tumours	158		Li-Fraumeni syndrome	351
	Steroid cell tumours	160		Cowden syndrome	355
	Germ cell tumours	163		Hereditary non-polyposis colon cancer (HNPCC)	358
	Primitive germ cell tumours	163		Ataxia telangiectasia syndrome	361
	Biphasic or triphasic teratomas	168			
	Monodermal teratomas	171		<b>Contributors</b>	<b>365</b>
	Mixed germ cell-sex cord-stromal tumours	176		<b>Source of charts and photographs</b>	<b>370</b>
