# Contributors

**Note:** The contributors to this volume are listed below. Their names and contact information are provided as communicated to the editors.

Without the patient cooperation of the contributing registries, the editors of this monograph would have no material to edit. The editors hope that scientists will give due recognition to this fact and use the following style of reference when quoting the data from a given registry:

North AB, South CD (2014). Cancer incidence in Antarctica (2003–2007). In: Forman D, Bray F, Brewster DH, Gombe Mbalawa C, Kohler B, Piñeros M, Steliarova-Foucher E, Swaminathan R, Ferlay J, editors. Cancer Incidence in Five Continents, Vol. X. IARC Scientific Publication No. 164. Lyon: International Agency for Research on Cancer.
