

A white mouse is shown in profile, facing left, in a laboratory setting. The mouse is positioned in the center of the frame, with its reflection visible on a dark surface below it. In the background, there are several pieces of laboratory glassware, including a large Erlenmeyer flask and a smaller round-bottom flask, all containing liquids. The lighting is soft, creating a professional and scientific atmosphere.

SOME CHEMICALS THAT CAUSE TUMOURS OF THE URINARY TRACT IN RODENTS
