# Contributors

**Note:** The contributors to this volume are listed below. Their names are given as communicated to the editors, hence the lack of consistency in presentation.

Without the patient cooperation of the contributing registries, the editors of this monograph would have had no material to edit. The editors hope that scientists will give due recognition to this fact and use the following style of reference when quoting the data from a given registry:

NORTH, A.B., SOUTH, C.D. Cancer Incidence in Antarctica, 1998-2002. In: Curado. M. P., Edwards, B., Shin. H.R., Storm. H., Ferlay. J., Heanue. M. and Boyle. P., eds (2007), Cancer Incidence in Five Continents, Vol. IX, IARC Scientific Publications No. 160, Lyon, IARC.
