

# 11

## Index

*Note: Chapter titles and numbers are printed in bold, e.g. 3.10 refers to Chapter 3, page 10.*

- Abbreviations 2.28
- Abstract form 3.10, 3.28
- Abstracting 3.14, 4.67
- Access to data 8.2
- Accession number see Registration number
- Acknowledgements 9.1
- Acronyms 2.28
- Active data collection 1.2
- Address of patient 3.17
- Adjuvant treatment 2.23
- Adrenal glands 9.43
- Age 3.17
- Ambiguous terms 4.28
- American Joint Committee on Cancer Staging 4
- American/Whitmore 4.19
- Anatomical sites for staging 4.67
- Anatomy 9.5
- Ann Arbor 4.19
- Anniversary date 3.18
- Automatic coding 5.5
- Autonomic nervous system 9.18
- Autopsy 2.21, 3.6
  
- Basis of diagnosis 3.19
- Behaviour 4.5, 4.7
- Benign tumours 2.4
- Bibliography 10.1
- Biochemical tests 2.16
- Biopsy see Morphology
- Birth date 3.17
- Bladder, urinary 9.37
- Blood 9.24, 9.51
- Blood cells 9.25
- Blood coagulation 9.24, 9.25
- Blood forming organs see Blood
- Blood pressure 9.22
- Blood vessels 9.23
- Bones 9.9, 9.11
- Breslow's staging 4.19
- Bronchi 9.29
- Bulbourethral glands 9.39
  
- Cancer registry, definition 1.1
- Cancer registry, hospital based see Hospital-based cancer registry
- Carcinoma in-situ 2.5, 4.7
- Cardiac cycle 9.21
- Cardiovascular system 9.21
- Casefinding 3.1
- Cause of death, coding 3.29
- Cell structure 2.3, 9.5
- Cerebrospinal fluid 9.17
- Cerebrum 9.15
- Cervical intraepithelial neoplasia see CIN III
- Checks for data quality 6.2
- Chemotherapeutic agents 2.48
- Chemotherapy 2.23, 2.48, 3.23
- CIN III 4.7, 4.26
- Circulation 9.21
- Clark's level 4.19, 4.26
- Classification 4.1, 9.49
- Clinical diagnosis 3.19
- Coding 4.1-4.31
- Coding, automatic see Automatic coding
- Computer, access restriction 8.2
- Computer, storage 5.8
- Computerized tomography 2.15
- Confidentiality 8.1-8.4
- Consistency of data see Validity
- Cowper's glands see Bulbourethral glands
- Cranial nerves 9.17
- Cytology, diagnostic 2.18
- Cytology reports 3.6, 3.7
  
- Data collection 3.1-3.55
- Data items 3.16
- Data quality see Quality control
- Data presentation 7.1-7.24
- Data security see Confidentiality
- Data sources see Case finding
- Data transmission 8.1
- Data validation see Quality control
- Date of birth 3.17
- Death certificates 3.8, 3.27
- Death certificate only (DCO) 3.20, 3.29
- Dermis 9.7
- Diagnosis 3.21, 3.24
- Diagnosis, basis of 3.19
- Diagnosis and treatment 2.1-2.48
- Diagnosis, microscopic 3.20
- Diagnosis, non-microscopic 3.19
- Diagnostic methods 2.12
- Differentiation see Grading, histological
- Digestive system 9.31
- Disease index 3.5
- Distant 4.27

- Drugs see Chemotherapy  
see Medication
- Dukes' Staging 4.19
- Ear 9.18
- Electrolytes 9.6, Endocrine system 9.42
- Endocrine therapy 3.23
- Endoscopy 2.15
- Epidermis 9.7
- Epididymis 9.39
- Ethnic group 3.17
- Exercises, abstracting 3.31
- Exercises, coding 4.13, 4.29
- Exercises, data presentation 7.18
- Exercises, diagnostic methods 2.21
- Exercises, medical terminology 9.64-89
- Exercises, physical signs 2.11
- Exercises, staging 4.29
- Exercises, symptoms 2.8
- Exercises, treatment 2.25
- Exercises, tumour types 2.4
- Exercises, word roots, suffixes and prefixes 2.2
- Extension 4.27
- Extent of disease 4.19
- Eye 9.19
- FAD 3.6
- Fallopian tubes 9.41
- FIGO Staging 4.19
- Final anatomical diagnosis 3.6
- Final extent of disease 4.26
- Finding cases 3.1
- First detection 3.21
- Follow-up 3.23
- Foreskin 9.40
- Forms, abstract 3.10
- Forms, case-finding 3.2, 3.3, 3.9
- Gallbladder 9.32
- Glossary 9.59
- Grading, histological 4.6
- Graphic presentation of results 7.5-7.18
  - Bar graph 7.7
  - Component band graph 7.11
  - Frequency polygon 7.10
  - Geographical coordinates 7.15
  - Histogram 7.9
  - Line graph 7.12
  - Pie chart 7.16
  - Scatter diagram 7.16
- Graphs see Graphic
- Gynaecological cancers, staging 4.19, 4.25
- Haematology, diagnostic 2.18
- Haematology reports 3.6
- Hair 9.7
- Heart 9.21
- Hindbrain 9.16
- Histology see Morphology
- Hormone therapy 2.25, 3.23
- Hospital cancer registry 1.1, 3.7
- Human body 9.5
- ICD see International Classification of Diseases
- ICD-O see International Classification of Diseases for Oncology
- Identification number 3.16
- Identification of patient 3.12, 3.15, 3.16
- Ill-defined sites 4.3
- Immunological tests 2.16
- Immunotherapy 2.24, 3.23
- Incidence date 3.18
- Index number see Registration number
- Industry 3.18
- In-patient medical records 3.4
- In-put procedures 5.1-5.8
- In-situ 2.5, 4.7, 4.26
- Integumentary system 9.7
- International Classification of Diseases 4.14
- International Classification of Diseases for Oncology 4.1
- Intestine 9.33
- Introduction 1-2
- Invasion 2.5, 4.27
- Jackson 4.19
- Jewett/Marshall 4.19
- Joints 9.9
- Kidney 9.36
- Larynx 9.29
- Laterality (pairs of organs) 4.11
- Leukaemias, topography 4.5
- Linkage of records 5.5
  - Denmark 5.3
  - Manila 5.2
  - multiple reports 5.5
  - multiple tumours 5.6
- Liver 9.32
- Localised tumour 4.26
- Logbooks 3.6
- Lungs 9.29
- Lymphatic system 9.26
- Lymph nodes 2.4, 4.28
- Lymphomas, topography 4.5
- Magnetic resonance imaging 2.15
- Magnetic medium storage 5.8
- Malignant tumours 2.4
- Manual registration 5.1
- Marital status 3.17
- Medical records 3.4, 3.12
- Medical record disease index 3.5
- Medical terminology course 9.1-89 (see also Glossary, see also Word elements)
- Medication 9.44
- Meninges 9.17
- Metastasis 2.4, 3.20, 3.22, 9.50
- Microinvasive 4.27

- Microscopic diagnosis 2.18  
Midbrain 9.15  
Mitosis 9.50  
Morphology 4.5, 4.6  
Morphology, compound diagnoses 4.8  
Mouth 9.31  
Multicentric tumours 4.12  
Multifocal tumours 4.12  
Multiple primaries 3.14, 4.10  
Muscular system 9.12
- Nails 9.8  
Names 3.15, 3.16  
Names in linkage 5.5  
National Wilms' Tumour Study Group 4.19  
Nerve cells 9.16  
Nervous system 9.15  
Non-Hodgkin lymphomas 4.9  
NOS 4.2  
Nose 9.29  
Notification forms 3.10, 3.28  
Nuclear medicine 2.14
- Occupation 3.18  
Oesophagus 9.31  
Organs 4.11, 9.7  
Out-patient medical records 3.5  
Overlapping site boundaries 4.4  
Ovary 9.40
- PAD 3.6  
Palliative treatment 2.22  
Parathyroid glands 9.42  
Pathology 2.3, 3.6, 9.47, see also Morphology  
Penis 9.39  
Peripheral nervous system 9.17  
Peritoneum 9.33  
Pharmacology 9.44  
Pharynx 9.29  
Physiology 9.5  
Pineal gland 9.43  
Pituitary gland 9.42  
Population-based cancer registry 1.1, 1.2  
Prepuce see Foreskin  
Presentation of data see Data presentation  
Primary site unknown 4.5  
Prostate gland 9.39  
Provisional anatomical diagnosis 3.6  
Pulse 9.23  
Physical signs 2.9
- Quality control 6.1-6.9
- Race 3.17  
Radiation therapy 2.23, 3.23  
Radiotherapy 2.23, 3.23  
Radiotherapy records 3.7  
Record linkage see Linkage of records  
Rectum 9.33  
Regional 4.26, 4.27  
Registrable cases/cancers see Reportable list  
Registration number 5.6  
Religion 3.18  
Reportable list 3.1, 3.14, 3.52  
Reporting of results see Data presentation  
    graphic presentation 7.5  
    tabular presentation 7.2  
Reproductive system 9.39  
Respiratory system 9.28  
Rhesus factor 9.26  
Ribs 9.11
- Sebaceous glands 9.8  
Security see Confidentiality  
SEER Summary Staging 4.19, 4.26, 4.27, 4.32, 4.67  
Seminal duct 9.39  
Seminal vesicles 9.39  
Sense organs 9.18  
Sequence number (multiple primaries) 4.12  
Sex 3.17  
Site of tumour see Topography  
Site-specific morphological terms 4.7  
Skeletal system 9.9  
Skin 9.7  
Skull 9.10  
Smell 9.19  
Smith/Skinner 4.19  
Spinal cord 9.16  
Staging 4.19  
Staging, Final extent of disease 4.26  
Sources 3.1  
Spleen 9.26  
Sternum 9.11  
Stomach 9.32  
Summary staging 4.28, 4.32 (see also SEER Summary Staging)  
Surgery 2.23, 3.22, 9.53  
Surgical procedures see Surgery  
Sweat glands 9.7  
Symbols 2.47  
Symptoms 2.6  
    of the cardiovascular system 9.23  
    of the digestive system 9.33  
    of the endocrine system 9.43  
    of the haematopoietic system 9.27  
    of the integumentary system 9.8  
    of the musculoskeletal system 9.14  
    of the reproductive system 9.41  
    of the respiratory system 9.30  
    of the sense organs 9.20  
    of the urinary tract 9.38
- Tabular presentation of results 7.2  
Taste 9.20  
Testis 9.39  
Therapy see Treatment  
Thyroid gland 9.42

- Tissues 9.6  
TNM classification 4.19, 4.20  
Topography 4.3  
Trachea 9.29  
Tracking systems 3.1  
Treatment 2.22, 3.22  
Tumour formation 2.3
- Ultrasound 2.14  
Unknown primary site 4.5  
Urinary system 9.36  
Urethra 9.37  
Urine 9.38, 9.51 (see also Urinary system)  
Uterus 9.40
- Vagina 9.40  
VAIN III 4.7  
Validity of data 6.2  
Vas deferens see Seminal duct  
Vertebral system 9.10  
VIN III 4.7  
Vocabulary see Glossary, see Word elements
- Water 9.6  
Wilms' Tumour Study Group 4.19  
Word elements 2.1, 9.2, 9.59
